that township to give a good account of itself, as it did last fall at the time the expectations of the enemy were so badly disappointed. We hope our friends there will not abate their la-bors as long as the name of a single Union man remains unregistered, and after that make sure that every voter State at the time of their enactment.

turns out on election day.

In the city we need to follow the example of Triadelphia township. We fear the same kind of work is not being done. And yet only two days remain -to-day and to-morrow-in which to get our vote ready for polling on election day. Can not our friends see the vital necessity for their best efforts throughout these two days? Unless those who expect to vote the Union ticket on the 24th are first registered, they cannot vote when that day comes. And they cannot be registered after to-

THE true character of the so-called "Conservative" papers of this State is well illustrated by the last issue of the Weston Herald, the editor of which berates Governor Peirpoint for refusing the use of the Hall of the Hou Delegates at Richmond for the delivery of a eulogy on the life and character of Stonewall Jackson. The editor taunts Governor Peirpoint with not being able to appreciate "the character of the

And thus arises the difference between Governor Peirpoint and the "conserva tive" man who edits the Weston Her-The one views Stonewall Jackson as a traitor to his country, who is in a large part responsible for the blood of thousands of his countrymen, while the other, looking through rebel-conservative speciacles, sees the bloody rebel in the light of a Christian

In case West Virginia should fall into the hands of such conservative gentlemen as the Weston editor, we should soon expect to hear in our House of Delegates enlogies on the character of Stonewall Jackson, and on every other prominent rebel liv-

we will be called to vote also for a County Superintendent of Free Schools and for the usual township officers. In other words, we will vote, all told, on the 24th inst. as follows:

For or against the Constitutional Amendment. For County Superintendent of Free Schools, and For the following Township officers:

The Registry Law in Maryland,

The Attempts of the Rebels to Repeal
the Why it is not Repealed.

It is a fact well known to our readers that the State of Maryland, like West
Virginia, was saved from the clutches of the Southern Confederacy by the hayonets of the United States. It is also well known how fierce were the denunciations heaped at the time on the head of the United States for daring to invade the sacred soils of the two States to thus rescue the loyal people, it is further well known that Maryland was saved from the clutches of her own internal lurking foe—her home rebels—by means of her Registry law, in the

Peace throughout the land; and if we succeed in maintaining peace and order throughout the State of Maryland, it will not be the result so much of a conversion of Rébels to principles of loyalty, as the result of the Registry

To-morrow is the last day on which voters can register. Union men! see every delinquent friend and neighbor to-day. Get their names on the books.

In speaking of the probable democratic candidates for Governor in this State on yesterday morning, the types made us to speak of Gen. Jackson, of Parkersburg, as General Johnson.

Our Union friends in Triadeiphia township are moving energetically, as we are glad to know, in the matter of the election on the 24th. We expect that township to give a good account of itself, as it did last fall at the

The apprehensions of the Frederick Examiner as expressed above, are exactly that entertained by the loyal peo ple of both Maryland and West Virgin ia. They are the same that lay at the foundation of the Registry laws in each laws were well expressed by Mr. Lamb

in our House of Delegates in February 1865, when he uttered the following "I have always contemplated that it

"I have always contemplated that it would be necessary for us here in West Virginia, as soon as as we could see certainly the end of these troubles, to hold a Constitutional Convention for the purpose of amending a say provisions of our constitution, and I have always contemplated that when such convention was held, or otherwise if it should be decided that a convention should not be held, it would be necessary to adopt a constitutional restriction for the purpose of preventing rebets from coming here among us to exercise the right of suffrage in attempting to control our affairs, after being engaged for years in endeavoring to destroy us."

The Covington and Ohio Railroad-Meeting of the Commissioners From Virginia and West Virginia. From the Richmond Whig of Monday

Virginia and West Virginia.

Prom the Richmond Whig of Monday.

At the last session of the Legislature of Virginia, as our readers are generally apprised, an act was passed, in which the Legislature of West Virginia concurred, providing for the disposal of the State interest and franchises in the Covington and Ohio Railroad—on which the State, before the war, had expended three and a half millions of dollars—and leaving the details of the disposal to five commissioners from the State of Virginia, and five from West Virginia.

On the 1st inst, these commissioners met in Baltimore, all being present, except Mr. Flourney, from the State of Virginia; and it was observable that the commissioners from West Virginia met ours in a liberal and enlightened spirit.

Three companies, consisting, as we are informed, of men of recognized position and ability, appeared before the Commissioners with proposals, and, after two or three meetings, the Commissioners adjourned to New York for further consideration.

Our information is, that the Commissioners will be able, without doubt, to make an arrangement that will insure the speedy and satisfatory construction of the work—a work from which this State has so much to hope in rebuilding her fallen fortune.

THE ELECTION ON THE 24TH.

The Proposed Amendment to our State Constitution—What County and Township Officers are to be Voted for.

Our readers are aware that on the 24th of this month an important election takes place. All of them may not be perfectly aware of the full scope and purpose of that election. We will explain as briefly as possible:

First then, we will explain that Sec. Ist of Art, 3d of our State Constitution reads thus:

"The white male citizens of the State shall be entitled to vote at all elections hed supportedly reside; but no person who is a minor or of unsound mind, or a parper, or who is under conviction of treason, islony, or briberly in any election, or who has not been a resident of the State ior one year, and of the county in which his offers to vote for thirty days next proceeding such offer, and Joseph Waddle special to the Chair, or who is not been a resident of the State ior one year, and of the county in which his offers to vote for thirty days next proceeding such offer, and of the following clause:

"No person who, since the jaid day of June, 18tl, has given or shall give voluntary aid or assistance to the rebellion against the United States, shall be a citizen of this State, or ballowed to vote at any election held therein, unites he has volunteered into themilitary or naval service of the United States, and his been or shall be nonorably discharged therm.

In addition to an election as to whether we will amend our Constitution by the addition of the above noted clause, we will a mend our Constitution by the addition of the above noted clause, we will amend our Constitution by the addition of the above noted clause, we will amend our Constitution by the addition of the above noted clause, we will amend our Constitution by the addition of the above noted clause, we will a mend our Constitution by the addition to the above noted clause, we will a mend our Constitution by the addition of the above noted clause, we will a mend our Con
